Career Objective

Information Technology graduate (2026) seeking an entry-level Java Developer opportunity to apply knowledge of Java, Spring Boot, REST APIs, SQL, and object-oriented programming while contributing to software development projects.

Education

Bachelor of Technology (Information Technology)	2022 – 2026
Aditya Institute of Technology and Management, Tekkali JNTU-V, Vizianagaram	CGPA: 7.3/10
Intermediate (MPC)	2020 – 2022
Narayana Junior College, Visakhapatnam	86.5%
SSC	2020
Gurajada Educational Society	63.2%

Technical Skills

Programming	Java, SQL
Backend	Spring Boot, REST APIs
Web	HTML5, CSS3, JavaScript
Database	SQL Server, MySQL, H2
Tools	Eclipse, VS Code, Postman, GitHub

Internship

AWS Cloud Intern — SmartBridge (Remote)	May 2025 – Present
• Deployed cloud infrastructure using AWS EC2, S3, IAM, and VPC. • Automated infrastructure using AWS Lambda and AWS CloudFormation. • Configured IAM roles, security groups, and Network ACLs. • Supported cloud migration, deployment, troubleshooting, and documentation. • Used Python scripting for automation tasks.	

Projects

Employee Management System

Technologies: Java, Spring Boot, REST API, HTML, CSS, JavaScript, H2, Postman

- Developed an employee management application with a web frontend and Spring Boot REST backend.
- Implemented CRUD operations using GET, POST, PUT, PATCH, and DELETE endpoints.
- Structured the backend using Controller, Service, and Repository layers.
- Connected the frontend with REST APIs using JavaScript for employee data management.
- Used H2 database for data storage and Postman for API testing.

TravelGo – Cloud-Based Travel Booking Platform

Technologies: HTML, CSS, JavaScript, Python, Flask, SQL, AWS

- Developed a web-based travel booking platform with real-time booking functionality.
- Built REST APIs using Python Flask for application requests.
- Deployed the application on AWS EC2.
- Integrated AWS services including DynamoDB, SNS, and IAM.
- Tested and debugged application functionality.

Certifications

- AWS Certified Cloud Practitioner
- Certified Security Expert – Level 1 & Level 2
- Amazon Web Services Certification – APSSDC

Achievements

- Presented a Robotics model at a science expo at Andhra University.
- Participated in a Biometrics paper presentation at MVGR College.
- Participated in school-level sports competitions and received prizes.

Languages

English (Professional)	Telugu (Native)	Hindi (Conversational)
